WOMEN'S HEALTH

VOTIVA /PLUS 90

Pregnancy, hormonal changes, and aging can all contribute to cosmetic and functional changes of the vagina and vulva. These changes may include sagging vulvar tissue, elongated labia, loose vaginal muscle tone, and sexual dysfunction. Using the latest technology in radio frequency, we can improve the tone and texture of the vulva and the tightness of the internal vaginal vault. Please inquire for pricing or to learn if you're a good candidate for Votiva.
